

1918 sialac

The lacquer sanding professional with optimum removal rate and long lifetime

1918 sialac

The lacquer sanding professional with optimum removal rate and long lifetime

The lacquer sanding belt for high material removal rate and long lifetime. Unlike most other lacquer sanding belts, 1918 sialac has aluminium oxide grains to ensure that especially high removal rates are achieved. Thanks to the stearate coating, the lifetime of the belt is noticeably increased.

- Low clogging thanks to open coating
- High performance for stock removal with good finish
- Perfect surfaces thanks to TopTec

Product profile

Grit type: Grit range: Backing: Coating: Bonding: Special coating: Equipment: Aluminium oxide 240-320; 400-600 e-wt paper (FSC-certified) Electrostatic open Resin over resin Stearate TopTec
