

# 2728 siapan

The very robust all-round abrasive belt for coarse to fine sanding

### The very robust all-round abrasive belt for coarse to fine sanding

The all-purpose 2728 siapan abrasive is the key to first-class quality. With its very stable polyester backing, it delivers consistent results in coarse to fine sanding applications, even in heavy duty operating conditions, and has a long lifetime.

- ▶ Suitable for the entire sanding process from surface calibrating through to fine sanding
- ▶ Suitable for all industrial wide belt sanders
- ▶ High tearing resistance
- ▶ High climate resistance
- ▶ Can withstand high lateral forces from belt oscillation
- ▶ Suitable for frequent belt changing
- ▶ Can bridge large gaps between guide rollers and sanding platen
- ▶ Easy handling
- ▶ Waterproof and washable

#### Product profile

|             |                       |             |
|-------------|-----------------------|-------------|
| Grit type:  | Silicon carbide       |             |
| Grit range: | 40-180                |             |
| Backing:    | Z-wt cloth, polyester |             |
| Coating:    | Electrostatic open    | P040 – P100 |
|             | Closed                | P120 – P180 |
| Bonding:    | Resin over resin      |             |
| Equipment:  | TopTec                |             |

#### Use

#### Applications

- Calibrating
- Intermediate sanding
- Fine sanding
- Keying of chipboards, MDF boards and hardboards
- Keying of plywood, wood core plywood and solid wood panels

#### Materials

Chipboard; MDF board; HDF board; Wooden base; Mineral fibreboard; Solid surface material

#### Technology

TopTec
